W02-P1: 資料庫連線及測試連線，要顯示資料庫 crown_18 名稱

W02-P2: 邀請老師與助教

The screenshot displays a web development environment. On the left, the VS Code editor shows a project structure for '1112-2A-DB-DEMO-41041...'. The 'index.ejs' file is open, showing HTML code for a shopping cart and a JavaScript function for a cart toggle. The terminal at the bottom shows the execution of 'npm run dev' and 'npm run build'. On the right, a web browser shows the application running at 'localhost:3000/crown_18'. The browser displays a shopping cart page with a crown logo, navigation links (Shop, Contact, Sign In), and five product category cards: Hats, Jackets, Sneakers, Womens, and Mens, each with a 'SHOP NOW' button.
